

Meter Reader

Come work for an All-American City! The City of Hamlet is seeking to fill several positions. We are looking for energetic and motivated candidates who desire to work for an excellent team driven department which works diligently to serve our community.

The City of Hamlet is a diverse community of approximately 7,000 residents. We are centrally located with a short drive to Raleigh, Charlotte, Myrtle Beach and Wilmington. We are less than an hour away from golfing in Pinehurst and Southern Pines. Our community offers a strong school system, multiple parks, and numerous recreational activities.

The City of Hamlet offers career advancement, tuition assistance, reduced fitness memberships, state retirement, a 401K (City provides 5%), medical, dental, and vision insurance.

We are searching for a dedicated, and energetic individual to be a vital link between the residents of Hamlet and our staff. The primary responsibilities of the Meter Reader is to Perform responsible field clerical and technical work in collecting and recording meter readings and connecting and disconnecting utility services.

Employees in this class are responsible for the field work involving reading of water meters, the recording of consumption, and the completion of assigned work orders. Drives and/or walks to read residential, commercial, and industrial water meters on an assigned route; records the readings on a hand-held computer. Checks to see that water meters are functioning properly and reports any defective meters to supervisor. Work is performed under the general supervision of the Water Meter Crew Leader.

Must have a valid driver's license.

Must be able to pass a physical and drug screen.
